Dear Post-secondary Members,

1983/1984 Membership Recruitment Campaign

Once again, in this month of the year, the time has come when our union should be in full force renewing membership for old members and inviting those of us educational workers who have not yet joined us to join us.

This is the eleventh year of our establishment since 1973. In the past ten years, our union has seen a steady growth in its membership (27059 as at 31st August, 1983) and a steady progress in its work so that now we are not only the most powerful union, but also the most dynamic educational organisation in Hong Kong.

Although the majority of our members are from primary and secondary schools, it is always our wish that an equally high percentage of our colleagues from the tertiary sector can join us. The reason is simple: the more post-secondary members we have, on account of their expertise and professional status, the more we can achieve in terms of securing better condition of employment for our members and in terms of bringing about reforms to improve the quality of education.

Therefore, we sincerely hope that you, as an old member, will continue to subscribe and at the same time invite your colleagues to join on behalf of the union.

Let us cherish the hope that PTU will grow ~~more~~ more powerful and dynamic in the year to come as a result of the growth of its post-secondary membership!

Yours sincerely,

  
Szeto Wah  
President
