About ultimatum to the Chest

WITH reference to your report "Chest gets Ultimatum" (S.C.M. Post, June 27) I would like to set the record straight.

I had no previous knowledge of the Forum of the Social Workers Association and, therefore, was not present.

I have not been asked by the

association to represent them as delegate should they intend to approach the Governor.

Before agreeing to participate in such a move, I should have full information as to the contents of their resolution.

I would, as most of my

colleagues, of course, be only too happy if the present differences of opinion between the Chest and its member agencies could be settled without further delay and in a manner fair and satisfactory to all concerned.
