\$10m for libraries in NT

EFFORTS are being made to provide more library facilities in New Territories, the Secretary for New Territories, Mr David Akers-Jones, said yesterday.

Replying to a question from Mr Alex Wu he said that the lack of library services in New Territories had been of great concern to him, but "we are now on the move."

He said the Finance Committee of the council has committed \$6 million for fitting out, furniture and books, and expenditure of \$4.4 million on various running expenses.
