Air pollution briefing for DB members

AIR pollution control in Wongtaisin will be discussed at the district board meeting on Tuesday.

A senior environmental protection officer of the Labour Department, Mr Lai Bing-nam will speak on the existing legislations, departmental responsibilities, present situation of potential air pollution activities in the district and a new air pollution control bill soon to be enacted.

At the meeting, members will be briefed on the legal effect of age, by the secretary of the Law Reform Commission, Mr Watson Brown.

Members will also study a proposal to organise seminars for new immigrants to help them adapt to the lifestyle of Hongkong.

The Taipo district board members will also hold its meeting in the morning and its members will be briefed on the provision of study room facilities in the district.

Other items on the agenda will include the issue of new identity card, the publication of a Taipo district handbook and the allocation of DB funds for the coming year. — GIS
